

WRITING AND EDITING

JD Fox, Writer

Maybe yer Speling and grammerr aint so hot.

Maybe you think your writing is too verbose, too wordy, and too full of long-sentenced run-on rambling to effectively get your message across in those pesky five-hundred-character-limit calendar entry forms let alone making a post in Facebook or in the confines of the necessarily more succinct Twitterverse.

Maybe your, placement of, commas, cause, confusion.

Maybe you don't even know where to *begin* let alone where to

Whatever your writing woes, I can help, whether it's cleaning up existing text, offering thoughtful feedback, or creating content from scratch. And all for reasonable rates negotiated on a project basis.
